MORE PLEAS MADE FOR CLAUDE ALLEN

Railroad Man Manifests Much Interest in Young Man's Case.

MADE THREE APPEALS

North Carolina Lawyer to Argue Case Before Higher Court—Will Ask Commutation of Sentence.

Richmond, Feb. 11.—Three personal appeals from Luther L. Scherer were necessary yesterday morning before Governor Mann would consent to see J. Fred Johnson, of Johnson City, Tenn., who desired to ask for commutation of the sentence of Claude Swanson Allen to imprisonment for life.

The Governor said there had to be some limit somewhere to such appeals, and he had previously earnestly and publicly requested that this limit be Saturday, February 1. However, after the third effort made by Mr. Schrer, the most indefatigable of men, Governor Mann consented to see the visitor.

Mr. Johnson is general purchasing agent for the Carolina, Clinchfield and Ohio Railway, and is a native of Carroll county. He took the position that whatever Claude Allen did was done under great excitment, and probably under the impression that his father was being or about to be attacked. The circumstances, in his opinion, justified him in asking that the death sentence be commuted. Mr. Johnson said he did not mention the name of Floyd Allen to the governor. The executive, he said, received him with the utmost courtesy, but said nothing to indicate what his decision will be.

It was reported by wire from Winston-Salem, N. C., last night that Judge J. C. Buxton, of that town, attorney for Sidna Allen in the last trial, will come to Richmond today to argue a case in the United States Circuit Court of Appeals, and while here he will ask for commutation of sentence for both Floyd and Claude Allen. It is not known if the governor will see him.

Miss Nellie Wissler, Claude's sweetheart, who has been here for the past ten days, left this city yesterday morning for her home at Pulaski. She has the care of seven children, all younger than herself, left by her mother, who died a weeks before the Hillsville shooting. Her father wrote her how urgently she was needed.

Victor M. Allen, son of Floyd and brother of Claude, left Sunday night for his home in Carroll, which he should have reached last evening. He is a rural mail carrier, his route running from Cana, at the foot of the Blue Ridge.

LEGACY FOR UNIVERSITY.

Washington and Lee to Get Several Millions.

New York, Feb. 11.—Washington and Lee University at Lexington, Va., will eventually receive almost all of the large estate left by Robert P. Doremus, banker and broker, who died February 1. His will was filed for probate this afternoon.

The will creates a trust fund of $1,000,000, the income to go to Mr. Doremus' father, F. Harrison Doremus, of Marion City, Md. John C. Horsey, of Marion, Station, Md., receives $10,0000 outright and Mr. Doremus' sister-in-law Mrs. Laura Genevieve Green, $25,000. To his cousin, Clifford D. Gwynne, Mr. Doremus turns over any indebtedness owing to the estate by Mr. Gwynne's father, William Gwynne.

Finally Mr. Doremus' widow, Mrs. Jessie R. Doremus, of the Apthrop Apartments, receives all his personal effects, and the income from the residuary estate. At the death of Mr. F. Harrison Doremus and of Mrs. Doremus the entire estate held for them is to go to Washington and Lee University, and should that institution have gone out of existence in the meantime, the University of Virginia, will be the beneficiary.

Mrs. Doremus' estate iss upposed to be worth between $3,000,000 and $5,000,000.

NEWS OF THE DAY.

Without debate, roll call or amendment the House of Representatives passed the Hardwick bill, to prohibit the intermarriage of whites with negroes or Mongolians in the District of Columbia.

Blood-poisoning, brought on by pulling a hair from his nose, is believed to have been the direct cause of the death of Joseph M. Dunkie, a barber, in Baltimore late Sunday evening.

In the Federal Court at Cleveland, Ohio, yesterday George Gambe, of Clarksburg, W. Va., was sentenced to serve 10 years in the Leavenworth (Kan.) Federal Prison for violation of the White Slavery law. He was convicted for transporting two girls from Clarksburg to Canton, Ohio.

Final action was taken by the Arkansas Legislature yesterday on a bill that practically prohibits the sale of liquor in Arkansas. It provides that persons wishing to open a saloon must obtain signatures of a majority of white adultts in the city or town in which they hope to do business. The measure is looked upon as practically a state-wide prohibition act, because names of white women as well as men must be obtained ,and the negro population is not taken into consideration.

Three murderers were put to death in the electric chair at Sing Sing prison yesterday morning. Two of the men executed murdered women. All three went to the chair with firm steps. The first man to die was Joseph Garfalo, a huge Italian, who killed his wife because she threatened to divorce him. George Bishop, a negro, small and frail, was the second to take the chair. His crime was the murder of a white woman, Mrs. Margaret Bell, in Brooklyn. Donato Cardiilo, the last to die, was convicted of killing Stephen H. Dickson, whose body was found in a brook near Sing Sing prison.

The Senate last night passed the Webb Liquor bill, already passed by the House, as a subsititute for the Kenyon-Sheppard bill. The Webb bill would prohibit shipment of intoxicating liquors from one State to another when intended to be received or sold in violation of the law of the State to which the shipment is made. Following on the heels of the Senate's passage of the measure came the report that President Taft intends to vote it.

The revolutionary uprising in the City of Mexico completely absorbed the attention of President Taft, and the State, War and Navy Departments yesterday, and at the end of a series of conferences, it was determined that all that this government could do was to send a sufficient naval force to Mexican waters to afford refuge to foreigners, and to observe and report upon conditions in the troubled republic as they develop. In accordance with this decision Secretary Meyer ordered the armored cruiser Colorado, now at San Diego, to proceed at once to the Mexican port at Mazatlan. Another vessel of the Pacific fleet, probably the armored cruiser South Dakota, also at San Diego, will be dispatched to Acapulco on the west coast of Mexico, and take up a post to be vacated by the gunboat Denver, which was ordered to Central America.

Police Capt. Walsh, who confessed to grafting; Edward J. Newell, a lawyer, and Charles E. Foye, a policeman, were indicted yesterday afternoon by the extraordinary grand jury in New York, which has been investigating the graft situation. Walsh is charged with bribery, Foye with perjury, and Newell with inducing a witness not to appear before the grand jury. Walsh was too ill to testify before the grand jury yesterday.

As the climax of a long family dissension between father and stepsons, E. O. Hammond, aged 51, and Clifford Jenkins, aged 25, were shot dead, and James Jenkins, aged 21, was wounded fatally in a fight 3 miles east of Watertown, N. Y., yesterday. James Jenkins was struck by four bullets. Clyde Hammond, a brother of the dead man, who appeared on the scene after the shooting, and who is said to have attempted to kill the wounded Jenkins, is in jail.

STATE GRAND LODGE WILL MEET TONIGHT

Delegates to The Annual Meeting Arrive in Richmond Today.

SECRETARY'S PLACE.

Many Candidates, Including Grand Master Andrews in Race for Position Paying $2,000.

Richmond, Feb. 11.—The square and compass gleamed from a hundred lapels in the hotel lobbies last night, giving evidence that the city was host to the advance guard of the Grand Lodge of Virginia, of Ancient Free and Accepted Masons.

All of the grand lodge officers arrived early in the day, and were in consultation yesterday with the local committees in charge of the arrangements for the one hundred and thirty-fifth annual communication, which will be formally opened by Grand Master W. L. Andrews, of Roanoke, at 7:30 o'clock tonight. The feature of the opening session will be the Grand master's annual report, reviewing the progress of Virginia Masonry during the past twelve months.

Wherever two or more Masons gathered yesterday the most fruitful topic was the choice of a grand secretary to succeed the late Dr. George W. Carrington. The woods appear to be full of candidates Of the 320 lodges which make up the Virginia grand lodge, about 300 appear to contain on their rolls just the man suited for the post Most of the names mentioned, however, will never be heard in nomination.

Interest in the race grew with the announcement early in the day that Grand Master Andrews will not be a candiate for re-election, and that he will be placed in nomination for the secretaryship.

Seven other candidates for the secrearyship are already listed. They are Dr. J. W. Egglesotn, Ben P. Owen, Charles A. Nesbitt, James H. Price and J. Gus Hankins, of this city; Captain Ed. N. Eubank, of Newport News, and George W. Wright, of Marion, Masons agreed that the election would develop no dark horses, and that the office will probably go to one of the men named.

At the Masonic Temple last night Fraternal Lodge, No. 53. was host of a dinner given in honor of Grand Master Andrews and the associate offiecrs of the grand lodge. The dinner was preceded by the conferring of a Master Mason's degree under the direction of the grand lodge working committee.

GRAND JURY WORK.

Prince William Investigators Believe Much Good Has Been. Accomplished.

Richmond, Va., Feb. 11.—Agitation of tax questions have accomplished a great deal of reform in this state, in the opinion of the Prince William county grand jury. A copy of its report to the court reached State Auditor C. Lee Moore yesterday.

"While our investigation has not resulted in br inging to light a great amount of taxable property," says the report, "we believe that it will result in great good, as the commissioners or revenue and individuals both better comprhend the intention of the law in this important respect. We feel sure that this investigation has enhanced their efficiency, and that their vigilance will be doubled in making future assessments."

Similar opinions are expressed from many quarters concerning the efforts of the auditor to enforce the law, and the efforts made by the courts to find additional taxable property.

The Prince William jury reported the following amounts which have been added to the tax list of 1912; Tangible personal property, $364,817; intangible personality, $14,150; income,$4,00,capital unemployed by merchants, $16,400. Total, $71,367.

SPUR TRACK AND TRESTLE.

Work of Erection Will Probably be Commenced Tomorrow.

Engineers of the Southern Railway Company today commenced the work of laying off the ground at the city gas works for the erection of the new spur track and trestle the construction of which is to save the city about $1,000 per anum.

The Southern has about ten cars of material ready and the work of erecting the trestle is to begin tomorrow provided the engineers finish staking off the ground. The total cost of this improvement will be $6,200, of which sum the City of Alexandria pays $3,100 and the Southern Railway Company donates $3,100. thus dividing the expense of the work.

The total length of track and trestle is to be 700 feet, and the total clearance space available for the storage of coal will be 50 feet. Only the best material is to be used, in the construction of the track and trestle, which, when completed, will have a storage capacity of about 5,000 tons of coal. Cement is to be used for the foundations. If the weather permits, the trestle should be complete and in operation within 30 days.

Loaded cars of coal will be run upon this trestle, only one man being required to open the floor traps on the cars and dump the coal, which will save the city the cost of all handling which is now being done by labor at cost of about 25 cents a ton. With the trestle completed, the city will be a position to contract for twelve months' supply of coal and to store it as fast as it can be delivered. This will be a great convenience, in addition to an actual saving to taxpayers of over $1,000 per year.

RECTOR'S AID SOCIETY.

"Circle B" of the Rector's Aid Society of St. Paul's Church met yesterday afternoon at the Parish Hall. A full atendance was present. The hostesses for the afternoon were Mrs. William Wattles and Mrs. Henry Star Wattles, who served tea to the ladies. Mrs. Stewart Jamieson gave a most entertaining talk on Panama, having recently spent several weeks there. The statistics she enumerated concerning the enormity of the work in progress were most interesting. Mrs. Jaimeson embodied in her address the customs and dress of the natives, also the style of architecture, illustrating her remarks by a number of attractive pictures and souvenirs passed around the circle. The map she showed gave a clear idea as to the enormous Gatum dam and the measurements of the locks in same proportion. The novel method of ridding the country of mosquitos and the pesty fly, quite different from our "swatting" and the unique photo of the "Mosquito Brigade" at work was an amusing detail. Climate and social life were touched upon and a rising vote of thanks was tendered her at the close for so graciously entertaining the ladies while they were fashioning the dainty pieces of work for the coming bazaar.

"Circle A" of the Rector's Aid met last evening, about twenty-five in attendance, and also had the treat of a lecture, as they adjourned and went in one body to hear the lecture of Mr. Overton Price on "Conservation" at Christ Church Parish Hall.

The hostesses of last evening's meeting were Miss Rose McDonald and Miss Nannie Norton.

"Circle C" of this society is to hold a meeting this afternoon. The hostesses for this session are Mrs. Taylor Burke and Miss Mary E. Harriman.

Petersburg's New Treasurer.

Petersburg, Va., Feb. 11.—F. Gerald Stratton, bookkeeper for years in the Petersburg Savings and Insurance Bank and member of the board of directors of the State penitentiary, has been appointed city treasurer to fill the unexpired term of William F. Raney, who committed suicide Friday noon. Mr. Stratton gave bond and qualified at once.

DIVORCE GRANTED.

In the Corporation Court today a decree was entered granting Lillian M. Minnis a divorce from the bonds of matrimony from Edward M. Minnis on statutory grounds. The complainant has the right to resume her maiden name of Lillian M. Bannister and is awarded care and custody of the children, Dorothy B. Minnis and Francis E. Minnis.

In some cases money is the only sugar that sweetens matrimony.

EXPECT TO RESUME FIGHTING TONIGHT

Earnest Protest Against Any Intervention by the United States.

1,500 FOLLOW MADERO.

General Angeles Joins Band—Protection Promised—Plans Formulated for Attack on Palace.

11.—Fighting was expected today between the soldiers under Gen. Felix Diaz and the 1,500 troops loyal to President Madero, mainly for the reason that Diaz, by holding off, was losing the faith of his adherents.

Those who had joined his cause were anxious to attack the National Palace in which Madero was enrenched, and because Diaz had not attacked the palace yesterday, there were murmurs from the soldiers that he lacked courage, and that his revolt would be starved out, as was the case at Vera Cruz.

I order to impress the people it was said that Diaz today would make a concerted attack on the palace, aided with artillery and possibly with dynamite.

President Madero showed himself at the palace today and it was shown that he was accompanied there by General Huerto, some of the ministers, and his brother, Ernesto Madero.

On Sunday night the President made a hurried trip away in an automobile. and was known to be housed in the castle at Chapultepec.

The report that Madero had fled or was hiding at Chapultepec was a ruse designed to draw the fire of General Diaz, but it failed to work.

There was no fighting yesterday or last night, and early today General Diaz was in possession of the Citadel. He was strongly fortified there. Madero and his 1,500 followers were in possession of the national palace.

A clash was momentarily expected. Both Madero and Diaz declared that they were averse to bloodshed, and would like to accomplish their objects without further fighting. The followers of Diaz, though, are not so pacific, and is hinted that unless Diaz strikes a telling blow at the government immediately his revolution will die of its own weight.

General Angeles, on whom President Madero was depending for support, today went to the arsenal, where Gen. Felix Diaz, has fortified himself, and joined the Diaz revolutionists.

Felix Diaz today protested against intervention in Mexico.

DAUGHTER OF KAISER TO WED.

Union of Princess Victoria Louise and Duke of Cumberland's Son to Heal Old-time Feud.

Berlin, Feb. 11.—The engagement of the Princess Victoria Louise, only daughter of the German Emperor, to Prince Ernest August,, son of Duke of Cumberland, was proclaimed today according to a statement published by the official news agency. The marriage is expected to result in a reconciliation between the royal houses of Hohenzollern and Cumberland.

The announcement followed the Emperor's sudden and unexpected departure last evening for Karlsruhe, accompanied by the Empress, the Princess Victoria Louise and his fifth son, Prince Oscora. The Duke of Cumberland and his son left Gmuend for Karlsruhe last night.

The Emperor broke an important engagement in Berlin to make the trip to Karlsruhe, and the fact that he was only accompanied by members of the imperial family was promptly interpreted as meaning that the journey was connected with a strictly family matter.

It is assumed that the proposed marriage will solve the question of succession to the throne of Brunswick, the Emperor waiving his objection to the Duke of Cumberland's succession to throne now occupied by Duke Johann Albrecht of Mecklenburg, uncle of the Crown Prince.

In the spring a married man has to fall for Easter bonnets.

MR. PRICE'S LECTURE.

Large and Appreciate Audience Was Present Last Night in Christ Church Parish Hall.

Those who heard the address of Mr. Overton Price on "Conservation" in Christ Church Parish Hall last night are profuse in their expressions of pleasure over their experience. Mr. Price had on another occasion delivered a discourse in this city, but it was generaly admitted that his last effort exceeded the first in point of interest, originality and practical thought. The hall was filled with appreciative hearers, and the speaker was listened to with close attention. The lecture was illustrated by interesting and instructive slides, which were greatly enjoyed. The lecture was complimentary to the Cameron Club.

DEATH OF SCOTT AND COMPANION

Record of Sufferings of Explorers and His Heroic Followers.

TRY TO REACH WIDOW.

Bear Cold, Loss of Supplies, and Equipment Unmurmuringly and Lie Down to Freeze to Death.

London, Feb. 11.—While cabinet ministers and high officials today vied with each other in paying tribute to Capt. Robt F. Scott, the Anarctic explorer and his four companions who perished after reaching the South Pole a year ago, his relateves were making every effort to reach Mrs. Scott, who is out on the Pacific ocean on her way to New Zealand expecting to meet her husband.

Leaving her little son, Peter, with relatives in England, Mrs. Scott started from London five weeks ago, and on February 5th sailed from San Francisco aboard the liner Aeronagi. The ship's first stop is Tahito. The Aeronagi's wireless has a radius of only 300 miles.

The diary left by Capt. Scott is a wonderful document, judging from the extracts of it that have been given to the Royal Georgrphical Society. It tells the tragic story of a successful journey to the end of the earth the triumph of which was swallowed up by death in one of its most agonizing forms.

Petty Officer Evans died as a result of a fall. Capt. L. E. Oates, frostbitten until he could not proceed further, deliberately let himself freeze to death that he might no longer delay the rest, and Scott.

Wilson and Scott froze to death in a tent several days later. The last entry in the diary was March 29, 1912, and the bodies were found only eleven miles from One Ton Depot, where the expedition had left supplies.

MORE RAZORS COMING.

We were compelled to disappont more than a dozen people today because the supply of razor sets which are being exchanged for coupons by the Gazettee have been exhausted. We have telegraphed the factory for a hundred more sets which will be here sometime tomorrow of the folowing day. After this shipment is gone there will be no more.

This will make the fourth shipment of razors which have been disposed of, and not a single one has been returned.

Remember the Very Sharp outfit is not sold in any store in this world, but is delivered for the sum of 85 cents and six coupons clipped from the Gazette. The set consists of the following:

One Silver plated Razorholder.
One Holder for Sharpening blades.
Six Sharp blades.
One fine Strop.
One box strop dressing.

The outfit compares favorably with the $5.00 outfits sold at stores. It cannot be purchased anywhere in Alexandria.

To obtain this outfit clip six consecutive coupons from the Gazette and present at the office with 85 cents and the razor will be delivered. If you desire it sent by mail add five cents for postage. If not now a subscriber to the Gazettee the paper will be delivered to you for one week so that you can obtain the six coupons, for 10 cents.

CLIP THIS COUPON.

NEWS OF THE OLD DOMINION.

BRISTOL POSTOFFICE OPEN.

Rules Departed From to Give Town Adequate Service.

Bristol, Va., Feb. 11.—For the first time in the history of the Postoffice Department two separate postoffices exist in one city—Bristol. For the first time in the history of the country an office of the fourth class has been established to accommodate a city of nearly 10,000 population—Bristol, Va.

The new office opened its doors at 7 o'clock yesterday morning. Service from it includes free city delivery, a thing never known in connection with an office of the fourth class.

Postmaster Gauthier, at his own expense, equipped the office with every modern convenience, including 750 lockboxes, mail racks, mailing tables, canceling machine, etc. The department provided experienced clerks, so that the office opened thoroughly equipped and manned.

GAVE BLOOD FOR FRIEND.

Heroic Effort to Save the Life of A. D. Vandevanter.

Richmond, Va., Feb. 11.—A. D. Vandevanter, of Leesburg, Loudoun county, Va., who came here to attend the Grand Lodge of Masons, is unconscious and in a critical condition at St. Elizabeth's Hospital, the result of having been overcome by gas from an open jet in his room at Murphy's Hotel Saturday night. He was found unconscious and apparently dead in his bed Sunday noon, and was removed to the hospital, where Keith Bolling Wise, member of the House of Delegates from Loudoun County, volunteered to give as much blood as the surgeons thought necessary to save the life of his friend.

The transfusion of blood was made last night. Wise is recovering rapidly, while grave fears are entertained for Vandevanter. J. and T. H. Vandevanter have arrived at their brother's bedside. It is thought Vandevanter accidentally turned on the gas after extinguishing the light.

TO DIE ON FRIDAY.

Forger-Murderer Will Pay Penalty For Killing Guard.

Richmond, Va., Feb. 11.—Unless Governor Mann interferes Roy Maxwell Sullivan will die in the electric chair Friday of this week, for the brutal murder of convict guard Jim Howard at a road camp near Danville last summer.

Sullivan escaped from the road camp after fatally shooting Guard Howard, but was captured the next day after being trailed by bloodhounds. His pursuers found it necessary to shoot him down before overpowering him, and for some days his life hung by a thread.

Finally recovering from the wound in a Roanoke hospital, he was taken back to Pitsylvania for trial.

He made no denial of shooting the guard, claiming that he was justified in thus effecting his escape, because of brutal treatment which he had received.

Sullivan comes of a good family down south. He was sent to the pen [illegible]ary a year ago from Clifton Forge for forgery. A couple of weeks before being arrested here, he had married a sixteen-year-old girl in Bristol, where he was employed as a clerk by a manufacturing concern. It developed after his arrest that he had forged paper throughout the southwestern section of the state. After his conviction on the murder charge, he is reported to have said he preferred deateh in the electric chair to life as a convict.

Sullivan is a young man barely 30. He seems utterly unconcerned over his impending fate.

Although she remained constant to him for several months after his conviction on the forgery charge, it is understood that his wife has now cut loose from him.

STATE CAMPAIGN.

Democratic Committtee Meets This Week to Call Primary Election.

Richmond, Feb. 11.—Formal opening of the political campaign of 1913 will take place Thursday night of this week, when the Democratic State Committee will call a primary election for the nomination of party candidates for State elective offices. The committee will hold its meeting at Murphy's Hotel, in this city.

By the terms of the party plan, the election must be held between August 3 and September 3—not less than sixty nor more than ninety days before the November election. The committee will fix a time limit for filing notices of candidacy and for the payment of entrance fees into the public treasury.

Under the jurisdiction of the committee will be for the nomination of candidates for Governor, Lieutenant-Governor, Attorney-General, State Treasurer, Secretary of the Commonwealth, Superintendent of Public Instruction and Commissioner of Agriculture and Immigration. Should but one candidate appear for any one or more of these offices, as would seem probable in at least two or three cases, such persons will, after the time limit for filing notice has expired, be declared the party nominees by the committee, and will not be voted on in the primary.

A House of Delegates is also to be elected in November.

The situation is still uncertain regarding the governorship. Henry C. Stuart is an avowed and active candidate. It has always been supposed until the beginning of the year that Harry St. George Tucker would be in the race, but his friends are still sanguine that he may be placed in Mr. Wilson's Cabinet, which would eliminate him. Some statement is expected from him at an early day regarding his position.

All incumbents of elective State offices, except the Governor, are candidates for re-election. No opposition has been suggested as yet to J. Taylor Ellyson for Lieutenant-Governor, B. O. James for Secretary of the Commonwealth, and Asher W Harman for State Treasurer, and no recent report has come of an antagonist to R. C. Stearnes for Superintendent of Public Instruction.

There has been a good deal of talk of opposition to Attorney-General Samuel W. Williams. Judge R. T. W. Duke was asked to make the race, and declined. Floyd W. King, of Clifton Forge, has been suggested, but has made no statement of any sort regarding the matter.

The one real fight now on is over the office of Commissioner of Agriculture. Both George W. Koiner, the incumbent, and J. Thompson Brown, of Bedford, Mr. Koiner's opponent four years ago, are actively fighting, an dtheir friends are rapidly organizing for them.

Bible in Public Schools.

Richmond, Va., Feb. 11.—The use of the Bible in public schools has received the hearty engorsement of the Ministerial Association of the Disciples of Christ for Richmond and vicinity. The association at is weekly meeting yesterday, adopted a set of resolutions which embody the views of its members on the subject.

Dr. George W. McDaniel, of the First Baptist Church, in a sermon delivered Sunday united with Rabbi E. N. Calisch, of Beth Ahabah Temple, calling upon the City School Board to rescind its resolution directing teachers to read the Bible in the public schools every morning. The rights of the minority are being disregarded, Dr. McDaniel said, and efforts are being made to consummate an unconsttutional ruling and the result can only be a calamity. Continuing he said:

"It is possible that a majority of the people of this city favor the Bible in the public schools, but it is equally true that the majority may trespass on the rights of the minority. A prudent pealousy of liberties is a primary duty and a noble characteristic. The School Board has made a radical departure; we should not wait until this usurped power has strengthened itself by exercise and become entangled in precedents. We should see the consequences in the principle and avoid the consequences by denying the principle. It is incumbent upon the board to rescind the resolution of January 27, 1913, lest, in time, a greater evil befall us."

HUNTER FATALLY WOUNDED.

Thomas J. Willey Accidentally Shot Near Fredericksburg, Va.

Fredericksburg, Va., Feb. 11.—Thos. J. Willey of near here, was fatally wounded by the accidental discharge of the gun of Daniel Shaw, with whom he was out hunting. Willey's spinal cord was severed by the shot, and he died an hour after being carried into a nearby house.

Willey and Shaw were joint owners of a part of the Lansdown estate, on which the accident occurred. A coroner's inquest was held and Shaw was exonerated from all blame.

The body was brought here and embalmed, and sent to the former home of Willey, at Lake Mills, Wis.

WAR IN WEST VIRGINIA.

Sixteen Persons Killed in Battle Between Strikers And Authorities.

Sixteen persons are dead and a score wounded as a result of battles between strikers and authorities near Mucklow, W. Va., and elsewhere in the Kanawha coal strike district.

State troops were sent to the scene last night, and martial law has been revived.

Twelve of the dead are strikers, and four were members of the mine guards and railroad police. Of the injured fifteen are said to be strikers and the others guards.

Three of the guards were killed.

Eight strikers were captured.

SHELLFISH MEN TO GATHER.

Will Hold Their Annual Meeting At Norfolk, Va.

Baltimore, Feb. 11.—The executive council of the National Association of Shellfish Commissioners yesterday decided on receipt of an invitation from Virginia to hold the association's fifth annual conventon at Norfolk. The invitation was received by Swepson Earle, secretary of the association, from W. McDonald Lee, chairman of the Virginia Board of Fisheries. Acting for the executive council, Mr. Earle accepted the invitaion and immediately sent out notices to all the bureaus of shellfisheries from Maine to Texas. It is expected that 14 states will be represented in the next convention and that there will be about 300 delegates.

Duke and Bride at Old Point.

Newport News, Va., Feb. 11.—Duke de Richelieu, of France, and his wife, formerly Mis Elinor Douglas Wise, of Baltimore, are spending part of their honeymoon at the Chamberlain Hotel, Old Point. They will spend a few days there before going to New York to live a while. They will make aheir home in Rome, it is said. Sunday they spent in sightseeing, visiting Fortress Monroe, Hampton, this city and many points of historical interest in this section. Their visit included the old Jamestown exposition site and they witnessed the destruction by fire Sunday afternoon of the mampart of Sunday they remained in moth convention nall. A greater the hotel and received a few friends.

Don't Think Because You Are Not Using Electric Lights You Are Not Paying For Them

You are paying more than their price, partly in the cost of some other illuminant, partly in inconvenience, partly in matches, smoke, soot—partly, or perhaps many times, or many thousands of times over, in the lack of safety and in robbing the air you breathe of the elements that sustain life and health.

Pay the price in money and get what you pay for—the safest, cleanest, most convenient, most sanitary light ever known.

Salves Can't Cure Eczema

In regard to skin diseases, medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing [illegible] of the blood.

D.D.D. [illegible] THE GERMS OUT.

[illegible] wash. A compound of Oil [illegible]ne, Thymol, and other [illegible] ingredients as combined in the D.D.D. Prescription. This penetrates to the disease germs and destroys them, then soothes and heals the skin as nothing else has ever done.

A 50 cent bottle will start the cure and give you instant relief.

We have made fast friends of more than one family by recommending the D.D.D. prescription to a skin sufferer here and there, and we want you to try it now on our positive pay guarantee. D.D.D. Soap keeps the pores clean; ask us.

TRIBUTE TO THE VIRGINIA SENATORS.

W. S. Boswell, a native of Virginia, but now residing in Brevard, N. C., in a communication to a Baltimore paper says:

"Will you kindly permit an 80-year old Virginian space to express his cordial agreement with Mr. W. P. Moncure as stated in his letter of January 9? At present a resident of North Carolina, but born and making my home in the Old Commonwealth for 20 years, I still keep in touch with everything that concerns her welfare, or asperses the character of those whom she honors with her confidence. Her present Senators have been the objects of much bitter and unjust denunciation, principally by men, Messrs. Jones, Glass, Tucker, et al., whose main object is to put them out and get themselves in. Senator Swanson's record is open to all men. As a representative in Congress, Governor of the State and Senator he has demonstrated his ability, and no man has questioned his integrity. Senator Martin, by his unfailing attention to his duties, his uniform courtesy and sane and sensible level-headedness, has so impressed his capacity for leadership upon his associates that they have called him to the highest post of responsibility in their gift, and the people of their state have recently in no uncertain voice, given to both them the most emphatic endorsement in their power, and, as Mr. Moncure well says, are ready to do it again should the occasion arise. I am perhaps the only man in the country—at least I haven't heard of any other—who does not think he is capable, if called upon, to advise Governor Wilson as to the personnel of his cabinet."

LOOKING THROUGH DIFFERENT LENSES.

A preacher in Washington last Sunday in the course of his sermon said he saw the beginning of the Millennium, the long-foretold thousand years of peace, as shepherds were again watching their flocks on the hills of Judea as was being done over nineteen centuries ago when the silence of the night was broken by the angelic chaoir proclaiming "Peace on earth, good will to men."

If this well meaning man would turn his searchlight in other directions he would see that men have not as yet beat their swords into plough shares nor their spears into pruning hooks neither are nations about to learn war no more.

Six thousand five hunderd men have been killed and wounded during the past few days in battles about Scutari.

Diaz and Madero are fighting for control of the Mexican government. Hundreds have been killed in battle and the United States is about to send two cruisers and two battleships to afford refuge for foreigners.

Six killed and 65 wounded in political riots is the intelligence from Tokyo. Mobs stoned the premier, and burned and wrecked buildings.

Sixteen persons have been killed and twenty wounded in a fierce battle between striking miners and a posse of mine guards in West Virginia.

NEWS OF THE DAY.

Representative Henry D. Clayton, of Alabama, chairman of the House Judiciary Committee, last night introduced in the House a resolution proposing an amendment to the constitution limiting Presidents of the United States to one term of six years, to become effective March 4, 1921. This may be reported today by the judiciary committee as a substitute for the Senate single-term resolution, which proposes a similar amendment to the constitution, to become effective upon ratification by the States. The presentation of Chairman Clayton's bill followed an agreement on the subject reached yesterday by the Democratic mem- The action is said to have been taken at the request of friends of President-elect Wilson.

President-elect Wilson has declined to grant an audience to former President Castro of Venezuela, who recently was releasel by the United States District Court in New York from detention as an undesirable alien, pending decision on a writ of habeas corpus. President Castro asked that President Wilson see him at the state house at Trenton, N. J., yesterday. So far as can be ascertained no reason can be assigned by the President-elect for declining to meet the Venezuelan.

Arrested as Fugitive.

Mrs. Marie Darnell, 17 years old, was arrested this morning as she stepped from the Norfolk and Washington boat at the wharf in Washington. The arrest was made at the request of acting Chief of Police Ford, of Norfolk, who wired that the young woman was wanted in that city on a charge of grand larnecy.

Mrs. Darnell said that she was at a loss to understand how such a charge could have been preferred against her. She said that she had left Norfolk last night to go to her home in Western, W. Va., to see her father, who was ill, and who had sent her $50 to come home on. She had $41 in her purse when taken in custody.

Going to Norfolk about three years ago, Mrs. Darnell, who was formerly Miss Marie McNamar, obtained employment as a maid. About a year later she married a man named Darnell, but she had not been living with her husband for some time, according to her story to the police. She was emphatic in her assertions that she was innocent of any wrongdoing and expressed a willingness to return to Norfolk and clear herself.

Although she asserts she is only 17, Mrs. Darnell looks to be at least twenty. She was stylishly attired in a blue tailor-made suit, and wore a large picture hat.

Attempted Shanghaing.

Suffering from exposure and lack of food two men who escaped from oyster boats in Chesapeake Bay and walked nearly 100 miles to Washington, are being cared for in the latter city today,while the police are making an investgaton of ther stories of alleged inhuman treatment at the hands of the oyster captains.

The two men gave ther names as Arthur P. S. Squires, thirty-nine, years old, of Amherst, Mass., and Joseph Ryan, 50 years old, of Winchester, Va.

Ryan asserts that he was shanghaied in Baltimore several weeks ago. Squires said he had joined an oysters fleet voluntarily, but the treatment he received was such that he could endure it no longer, and four nights ago he jumped from the dredge on which he was working in Chesapeake Bay, swam ashore through the icy water and walked to Washington.

He was taken to Providence Hospital where it was said today pneumonia would develop as a result of exposure.

ALLISON.

In Sad but loving remembrance of my dear husband and father, JAS. B. ALLISON, who passed away one year ago today, Feb. 11th, 1912.

One year has passed, our hearts stil sore
As time goes by we miss him more.
His memory is as dear today
As on the night he passed away.

None knew him but to love him,
None named him but to praise;
Torn from the hearts that love him,
To step in the cold and silent grave.
By his loving wife and children.

Rioting in Tokyo.

Six persons were killed and 65 seriously injured in the political rioting in Tokyo yesterday. The stuation last night was serious.

The premier of Japan, Prince Katsura, was stoned by a mob in the streets. His resignation has been demanded by the people. Mobs attacked the offices of the bureaucratic newspapers and threatened the dwellings of the ministers. They burned and wrecked police stations, tram cars, and private buildings.

Detachments of troops patrol the streets. Each newspaper office is protected by a guard of 50 soldiers, to whom ball cartridges have been served. They have their bayonets fixed for instant use. Other detachments guard the homes of Premier Katsura and the other members of the cabinet.

The minister of the imperial household announces that martial law will be proclaimed if there are any further attempts at incendiarism.

Tuberculosis Remedy Based on Medicine

To say that a specific exists for the cure of Consumption is perhaps too strong a statement, but in Eckman's Alterative we have a medicine that has been the means of saving many a life to years of usefulness, and in permanently benefiting a large number of Cobsumptives.

Certainly a person afflicted with a wasting disease should be well fed with wholesome, nourishing food, but frequently raw eggs in quantities cause a digestive breakdown, and then no food nourishes. As for milk, a very good food for many, but a producer of biliousness for some.

Any diet that keeps a Consumptive well nourished is the right one, but what is going to improve the patient? Eckman's Alterative has brought about full recovery in many cases of Consumption. Let those speak who know. Here is one:—

90 Savannah St., Rochester, N. Y.

"Gentlemen: On June 3, 1907, I was operated upon for Tubercular peritonitis at St. Mary's Hospital, Rochester, N. Y. After the operation my physician gave me up as hopeless. I was then urged by a priest to take Eckman's Alterative, which I did. My weight at the time was 72 lbs. I began to improve and steadily gained in health and strength. I now weigh 125 pounds, and am absolutely well. Believing I owe it to myself and others, I make this statement."

(Sworn Affidavit) EDNA FINZER

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

(Continued from page Five.)

Oldsmobile, Overland, Garford, Pope, Hartford, Gramm, Packard, Palmer-Singer, Pierce-Arrow, Paige, Rauch-Lang, Reo, Stoddard, Dayton, Warren, Standard, Studebaker, and Century Electric. Three bands furnished music.

Despite the magnitude of the parade, it was managed with smoothness and dispatch. No accidents were reported.

The attention created by the auspicious opening will no doubt serve to crowd the showrooms of the carnival exhibitors during the entire week.

The exhibits were surrounded last night by a large crowd of visitors, who were greatly impressed by the beauty and effects of the showrooms.

CORRECTION OF PENSION ROLL

Blanks Being Sent to City and County Boards.

Richmond, Va., Feb. 11.—Blanks for the annual correction of pension rolls were sent out yesterday from the office of the Auditor of Public Accounts to the city and county pension boards throughout the State. It is the duty of these bodies to meet February 15 at their respective court houses.

The papers contain reports of the names of pensioners for 1912 and the sums paid them. The list will be carefully scrutinized by the local boards, which will strike off those who have died, those who have left the state and any others who it may be found were improperly on the rolls. The lists are then returned to the auditor for use in paying the 1913 pensions.

Should there be new names to add, the applications must come in on the regular forms, and be passed upon after proof has been adduced as required by law.

It is not infrequently found that legatees apply for pensions. Sometimes local boards do not know the facts, and they come out when the pension clerk applies, under the law, to the Secretary of Virginia Military Record, for information regarding the applicant.

Pensioners under the act of 1888, when the State established pensions, are now dying rapidly. These are the men who were disabled from wounds, this being the class first aided. Many applications continue to come in, not only from widows, but from veterans under late acts, including many who enlisted at an early age, and have now reached the time of life when self-support is difficult.

IRON CRUSHES WORKMAN.

Bridge Plant Tragedy Brings Serious Collapse to Wife.

Wilmington, Del., Feb. 11.—Crushed under a heavy piece of iron in the American Bridge plant, at Edge Moor, at noon, Peter Oraska, aged 30, of No. 104 Logan street, this city, died almost instantly.

Oraska was wheeling iron through one of the shops when a big section fell from his truck. He tried to prevent it from falling, but the iron was too heavy, knocked him down and fell across his abdomen. When other workmen removed it, the man was dead.

The man's body was brought to the morgue and friends went to Oraska's home to tell his young wife. She and her husband have been saving their money in anticipation of an interesting event, and her delicate condition and the shock of her husband's death caused Mrs. Oraska to swoon in the Coroner's office after identifying the body. When revived several hours after, she was taken home in collapse and is very ill.

FEARED NEGROS' VENGEANCE.

Charges Against Policeman Bring Out Story of Girl's Terror.

Atlantic City, Feb. 11.—With the filing of a formal complaint yesterday before Magistrate Jagmetty against Patrolman James Boone, colored, it developed that Miss Helen Sullivan the complainant, had hesitated about preferring charges against the negro because of the fear that his friends would carry out threats of vengeance. Since Boone's alleged attack on the girl, who is but 16 years old, she and her aunt, Mrs. P. J. Sullivan, who had conducted a hotel at Illinois and Arctic avenues since the death of her husband, have cowered at their home in fear of their lives. They were persuaded to appear before Magistrate Jagmetty today, however, and immediately after the warrant had been issued Chief of Police Woodruff began a belated search for Boone, who fled from the city the day following the incident.

When a man's latchkey is too thick to go in the keyhole his explanation about it to his wife is too thin.

WASHINGTON LETTER.

Washington, Feb. 11.—Word reached Washington today that President-elect Wilson is going to call an extra session of Congress to assemble on April 3, and that he is going to ask this session of Congres to confine its labors to pasing the tariff bills and enacting a new currency law.

It has also became known that there will be a free sugar bill and to make up the deficiency in the revenues which will follow the reduction in the tariff duties there is to be enacted a graduated income tax and an increase in the present tax on corporations from one per cent, the present tax, to three per cent By the income tax and the increase in the present corporation tax, Representative Underwood, the majority leader, hopes to raise $300,000,000 in revenues.

The House committee on the judiciary today voted not to take up at the present session of Congress any of the numerous bills now pending before it, the authors of which want to amend the constitution so as to limit the term of the President. This action by the committee means that the six-year term amendment to the constitution will not receive consideration by the judiciary comittee of the House, until the session of Congress which assembles next December.

Woodrow Wilson, of New Jersey, and Thomas R. Marshall, of Indiana will be duly and officially declared elected President and Vice-President respectively, of the United States tomorrow in the hall of the House of Representatives. The Senate and House will convene at 1 o'clock in joint session, and tellers representing each body will count the electoral votes of the States, which will be delivered to them by the President pro tempore of the Senate.

The event will be marked throughout by dignified simplicity, and it will be, as usual, one of the most ceremonial in the political life of the country. The galleries of the House will be occupied by members of the Diplomatic Corps, prominent government officials and their wives, and members of the families of the Senators and Representatives.

The progblem of how to jam the appropriation bills through Congress in the fifteen working days left this session is worrying the leaders of both ends of the capital.

Appropriation measures amounting up to over a billion dollars have to be disposed of in that time, if the appropriations are to be handled this session. This includes bills that have passed the House and are pending in the Senate, and the legislative bill, which is in conference.

Generally a way is found, by night sessions and otherwise, to pass all of the appropriations measures before the session closes. But the jam this year is one of the worst on record, and it is a serious question whether it can be brokn.

Two battleships are to be appropriated for by the present session of Congress. The House Committee on Naval Affairs today by a vote of 14 to 7 decided to include provisions in the bill which makes appropriations for our naval defense and which they will report to the House in a day or two, to authorize the construction of two battleships, six destroyers, four submarines, one supply ship and one transport. The sum of $20,000,000 is made immediately available to start the construction of the battleships.

The action of the naval committee today will very likely meet with the approval of a majority of the House. The failure of the "economists" of the House to get a quorum at the caucus called for last Saturday night to consider the battleship question was directly responsible for the action of the committee. Now that the committee has acted, the little navy men will have to make their fight on the floor of the House and with over half of the Democrats favoring two battleships and all the Republicans there is no doubt that two batleships will be provided for.

Earthquake Shocks.

Millinockett, Me., Feb. 11.—Two distinct earthquake shocks, the first ever known in this section, early today threw the residents here into a panic.

The second shock, which occurred at 5 o'clock, was the heavier and, besides shattering the concrete foundations of the Catholic Church, opened a rift in the frozen ground about 300 feet long and several inches wide.

Clocks were stopped by the shock and chinaware crashed from shelves. The first shock was felt at about 3 o'clock. Each was of several seconds duration, and was accompanied by thunder-like rumbling.

A woman would be more inclined to gossip than ever if she had to wait her turn in a barber shop.

The more money a man has the more a collection plate in church seems to scare him.

Crowds Visit Beautifully Decorated Salesrooms on First Night of Exhibition—One Firm Makes Display Look Like Fairyand by Lighting it From a Rising Moon.

Both the Cadillac & Baker electrics are exhibited by the Cook & Stoddard Company during the carnival week, at their showrooms, 1134-40 Connecticut Avenue. The showrooms are decorated in keeping with the magnificence of these beautiful quarters, and everything is being done to assure all visitors a hearty welcome.

J. M. Stoddard is being assisted in receiving by Rudolph Jose and Geo. Weaver, two of the best known and most popular men in their line in the country.

Both the Cadaillac and Baker electrics are shown in a full line of all models, in addition to which the public has a chance to view the perfect service plant maintained by this firm. It is one of the most up-to-date and perfect of any of its size in the country.

Miller Bros., the oldest of Washington's automobile dealers, show the ever popular Ford as their exhibit. Claude and Charles Miller are on hand to welcome their guests. Originality in decorations is the keynote of their display.

Ford cars in this section have been taken care of by this firm with a thoroughness that shows the perfect system that characterizes every branch of their extensive business. The service plant is a complete machine shop, having as well an up-to-date paint department, so that Ford owners may be taken care of in all particulars.

W. C. Long, chairman of the automobile carnival, ushers in the event with the opening of his spacious and new showrooms at 819 Fourteenth street, northwest.

Studebakers are shown in every complete model made. Never before in the history of this well-known car has there been noticed such wonderful improvements and as many desired innovations.

Robert H. Martin, branch manager of the Buick Motor Company, is in charge of the carnival week exhibit at its handsome new showrooms, located at 1026 Connecticut Avenue.

A complete line of both Buick pleasure cars and light delivery wagons on the floor. The wonderful success of the Buick car in this territory is not alone due to the standard qualifications of this car alone, but also to the hustling qualities of Manager Martin.

The Disco starter and combination electric side and tail lights are a feature this year.

Maxwell, Rambler, and Mitchell cars for mthe exhibit of H. B. Leary, Jr., at his brand new showrooms, 1321 Fourteenth street northwest.

The showrooms handsomely decorated and electric efforts added, make an attractive setting for the new models.

The Mitchell cars this year include five models, built on three chassis. The Mitchell line appeals to users of all types of motor cars.

The Rambler will be shown in all its popular models. Mr. Leary takes particular pride in his service department, which is well justified, there by giving his clientele a service unequaled.

Four hundred automobiles on parade yesterday opened Automobile Carnival week in Washington.

The parade attracted thousands of citizens to the sidewalks along the route. Pennsylvania Avenue was lined from Fourteenth street to the Peace Monument four deep, and the rest of the route was crowded with pedestrians and automombiles.

The cars on parade were the latest models of their types, except the Overland cars, which showed the evolution of this popular make from 1907 to the present day. The former model was piloted by two "Rubes" in straw hats and boots in trousers, and proved the comic hit of the day.

More than 400 cars took part in the parade, including the Abbott, Franklin, Stewart, Buick, Baker, Cadillac, Chalmers, Columbia, Hudson, Hupp-Yeats, Ford, Rambler, Maxwell, Mitchell,
